### INCIDENT REPORT

everywhere I go  
This morning at approximately 1:50 A.M. (05202020), another crime incident to a pattern of gang harassment occurred inside this store. It will show on security footage. I am extremely overburdened with work addressing the matter at large in the interest of justice and against an obstructing, criminal conspiracy targeting my person by various organized crime organizations colluding. I have reported to the police just outside recently. Please assist by reporting this incident with retained AV evidence.

FACTS: I visited to make a purchase. An African-American male entered and committed elements of Provoking a Fight while communicating threats of violence. He called me a "faggot" and a "bitch," threatened to "Knock (my) ass out" stating that he was a gangster.

Just prior, outside, he had arrived in a white pickup truck, active his amplified car stereo at full volume and speed around the parking lot. He challenged me to a fight when I communicated: the acts were a public nuisance disturbing the peace.

Thank You,

Tench
